Dear Parents,

Greetings of peace and wellbeing.

It gives me a great pleasure to receive you all at the beginning of the new academic session 2022-23. With gratitude in my heart I thank God for the gift of each one of you for your co-operation. I feel privileged to be a part of Nirmala family. We thank you for your support and look forward to meeting you.

I welcome you to the new academic year that has come with a new hope – a hope that after the dark clouds of COVID 19 and Omicron, a silver lining of getting back to normal life from the new normal will appear soon. **New Normal** is what we adapted in the Pandemic time.

The past academic year, 2021-22 was a challenging time for students, teachers and parents. It started with the continuation of panic in mind caused due to Pandemic; however, it ended with a hope in heart. Though our students missed face to face interaction with their teachers most of the time, the school saw to it that there is no loss in their academics. In the beginning the teachers continued online classes using whatever knowledge of technology they had and towards the end they have mastered this art of conducting online classes. The teachers started adapting the **New Normal** by learning virtually through online classes. Both made their efforts in making things possible in the **New Normal**. The teachers delivered curriculum with the adaption of new ICT tools and the students received it sitting in the safe corners of their cosy homes. Both the teachers as well as the students resisted the adverse situation, hence displayed resilience. This resilience will grow in the year to come. Now, we have learnt to see opportunity in adversity. The technology we adapted to in the past years will act as one of the tools, an effective aid for all of us. It will for sure, provide leverage to our Teaching- Learning process.

A new ray of hope has been generated by the introduction – NEP 2020, a pristine document on education wherein emphasis is laid on technology. The **New Normal** we have adapted to; the resilience we have developed will play a crucial role in using the New Education Policy in a better way. We all will endeavour to strengthen this quality in us along with caring for our emotional health as well.

The school assures a safer and healthy learning environment inside the campus. Let's accept the change and challenges coming in our way with a smile on our face and faith in our hearts.

May God bless all our endeavours.
